

Now covering even more regions

In September 2024 we launched the **d.HOLIDAY *Fly Back* Programme** in Europe for eligible kidney transplant patients. If you get “the call” while you’re away, we step in fast: we arrange and fund the quickest route from your holiday destination back to your transplant hospital (see Terms of Use).

And now, we're going global, expanding into six additional regions: the **Middle East, Central Asia, South Asia** and **Southeast Asia**, including the two standalone countries of **Kazakhstan and China**.

At Diaverum, we know that travel is an essential part of life, and the d.HOLIDAY Fly Back Programme helps you do so with confidence and peace of mind.

To be eligible for the d.HOLIDAY Fly Back Programme, these three criteria apply:

- Be confirmed to receive/be receiving/have completed holiday treatment in a Diaverum clinic through the d.HOLIDAY programme at the time (applicable to Diaverum and non-Diaverum patients); or originate from a Diaverum clinic and be confirmed to receive/be receiving/have completed holiday treatment in a non-Diaverum clinic (applicable to Diaverum patients only).
- Alert Diaverum and the holiday clinic that you are active on a transplant list while booking your treatment.
- Travel within the covered countries and territories as set out in the Terms of Use, which you can find at the link below.

Being on a transplant list shouldn't stop you from travelling or living a fulfilling life.
